Summary

As a 2nd year computer science engineering student, I am passionate about using technology to solve real-world problems. With a strong foundation in programming languages such as C and C++, I have developed several projects that have enhanced my problem-solving and critical thinking skills. Apart from academics, I enjoy participating in hackathons and coding competitions, which has honed my teamwork and communication skills. As an active member of several tech communities, I am always looking for ways to connect with like-minded individuals and share knowledge. Looking for exciting internship opportunities to gain industry experience and contribute to meaningful projects.

Experience

Member
Google Developer Student Clubs
Aug 2023 - Present (2 months)
